

## Avatar: a revolutionary movie

**A**vatar is an American **science fiction** movie.  
This movie was produced by James Cameron.  
It's a 3D movie.

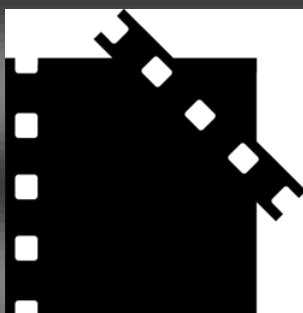

The word « avatar » comes from India and means « descente ».

### This movie was very popular with the public:

**Why?**

**Because** there are 3 good reasons to watch this movie:

- First, there are beautiful images of the jungle in 3D,
- Then, the huge final battle between RDA and Na'vi is wonderful!
- Finally, the fantastic scenery of mountains Hallelujah

Press criticism:

“Elle” magazine :

“Spec-ta-cu-lar! (...) Plants, animals, waterfalls ... everything is beautiful. Regarding the plot is a little less original.”
