

My Arabic Numbers

Coloring Pages

Print off these coloring pages for your child's use. They can be used in a variety of ways:

- Have your child color the numbers and then paste them onto poster paper for your child to use as a wall decoration.
- Have your child color the number and then draw an item(s) that represent that number.
- Have your child color the number and then find an item(s) in a magazine that represents that number.
