

KidKraft Savannah Dollhouse Review

[Get Details/Check Availability](#)

"I just bought a second Savannah dollhouse, for a granddaughter that will be three in June. I bought the first Savannah dollhouse, four years ago, for a granddaughter, who will shortly turn seven. It is still the centerpiece of her room. The dollhouse still looks as if it's new, and my granddaughter still loves and plays with it.

This beautiful, colorful, and very sturdy dollhouse, has stood the test of time, and has passed with flying colors.

I was also surprised with the included over-sized, and very sturdy furniture, that is easy to handle, and still looks great.

I have more granddaughters, that will need dollhouses in the future, and I know that this one will be available, years from now.

Don't hesitate to buy [this dollhouse](#), it's a winner!"
