

ITs and friends

Do you use the internet to keep in touch with friends ?

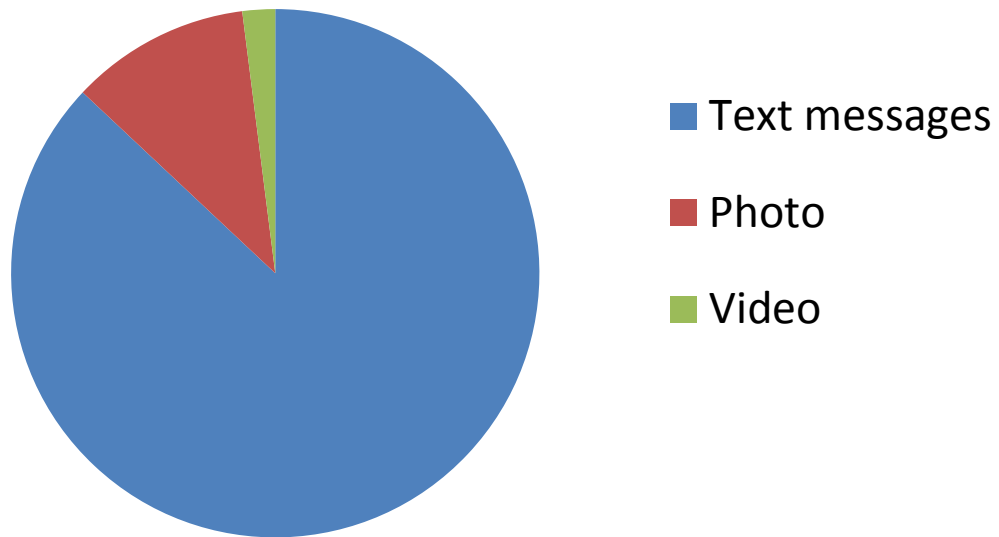

We first asked if the young used the internet to keep in touch with friends. It comes as no surprised that 86% of respondents answered that they did and 14% answered that they didn't.

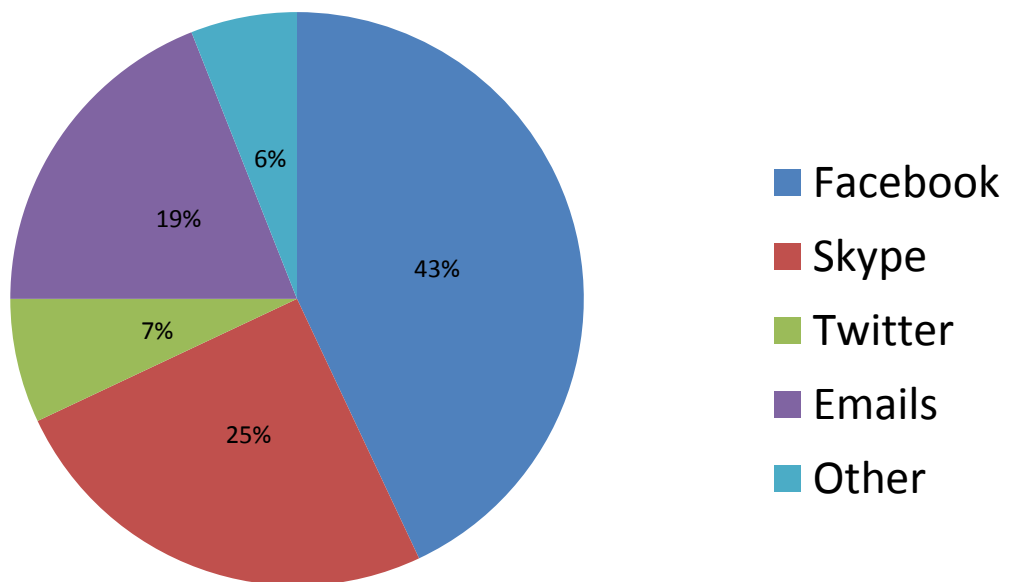

Do you have friends who don't have internet ?

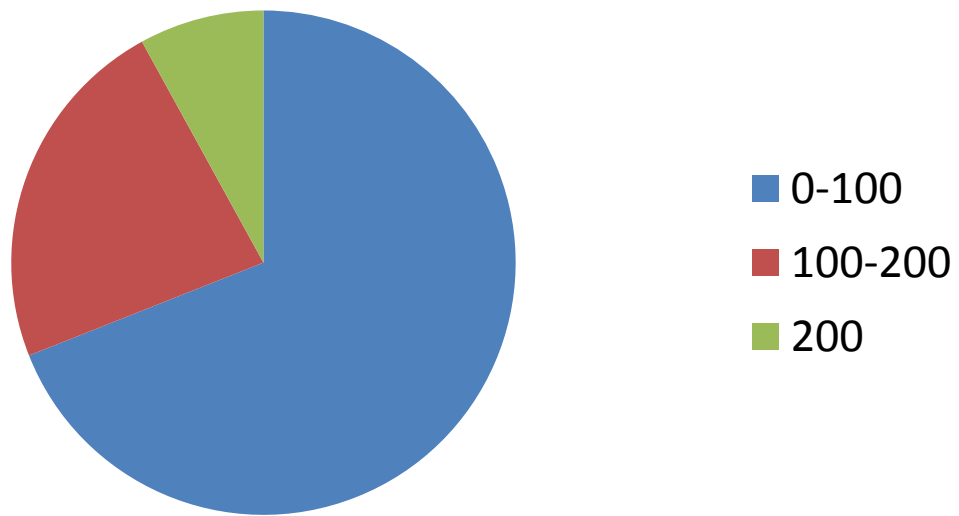

What do you send the most :

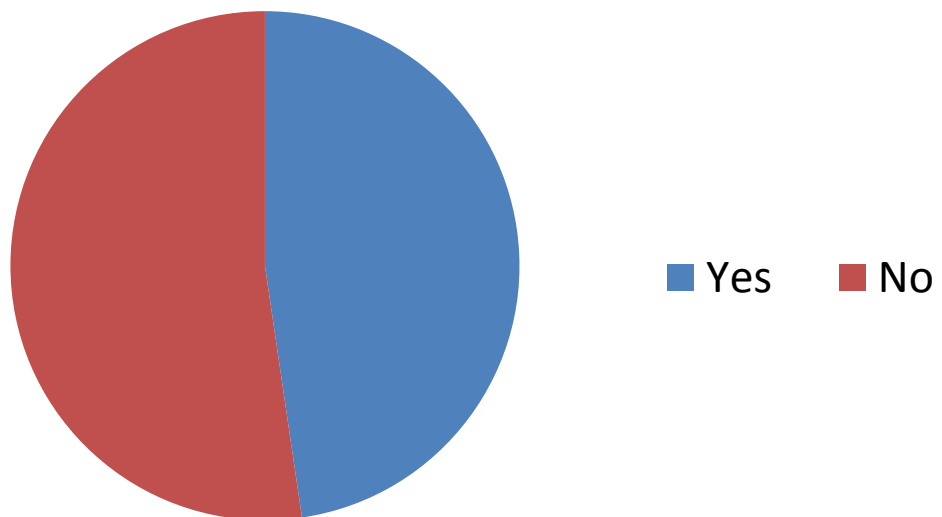

What websites do you use the most ?

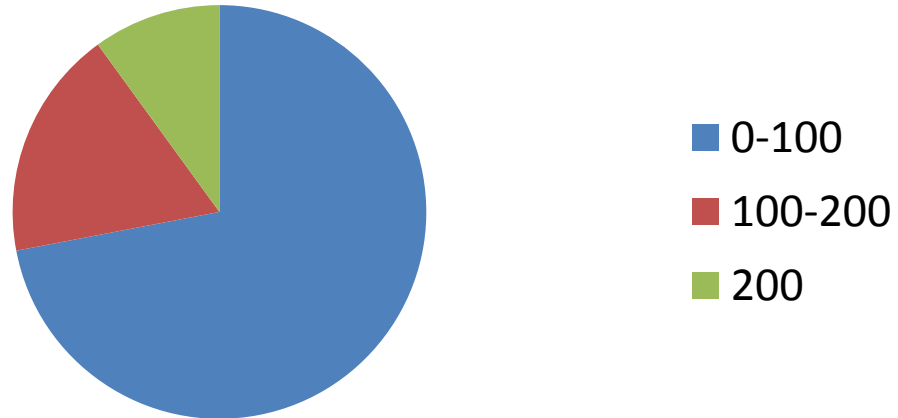

How many text messages do you send a day ?

Do you keep in touch with friends who are far away ? (family?)

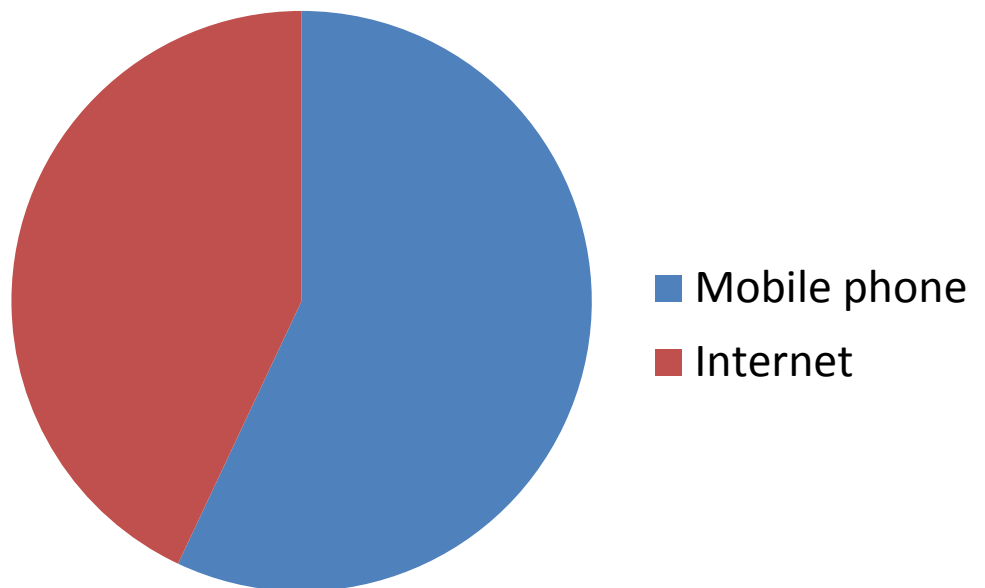

How many text messages do you receive a day ?

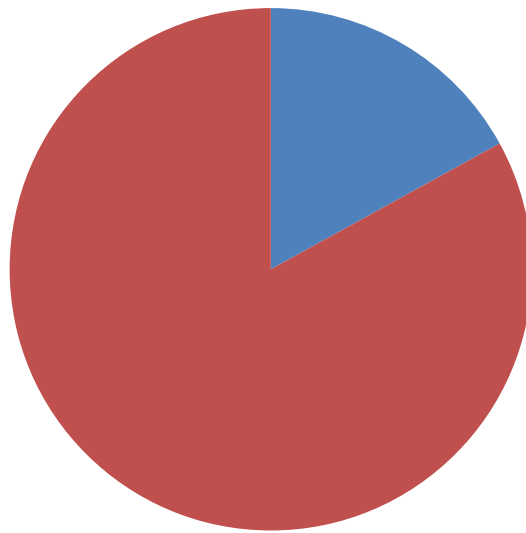

Which one do you use the most ?

However, 57% of students use their mobile phone and 43% use the internet. This reveals that smartphones become computers.

Have you more :

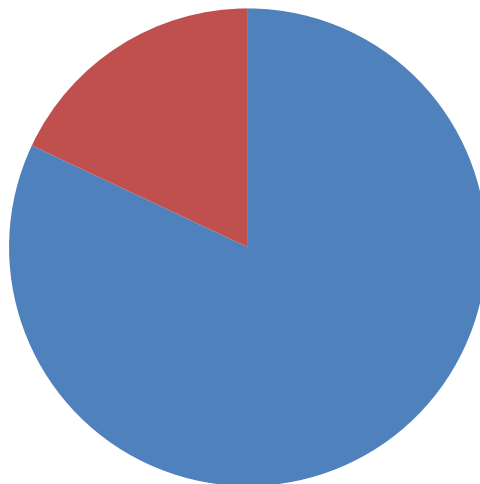

We didn't expect the young to have more real friends with 83% whereas there are 17% who have more virtual friends.

■ Virtual friends
■ Real friends

Do you know everybody of Facebook's friends ?

Concerning Facebook, 82% know all facebook's friends and 14% don't know everybody.

■ Yes ■ No
