NEVERA 795 Interceptor

The image shows two views of the NEVERA 795 Interceptor. The top view is a side profile of the boat, which is white with a black stripe along the gunwale. It features a Raymarine radar dome on a mast at the stern. The bottom view is a top-down perspective showing the interior layout, including a central console, two rows of black seats, and a large white circular hatch at the stern.

INTERCEPTOR 7.95 M

MAIN PARTICULARS:

- Length Overall: 7.95 m
- Hull Length: 7.25 m
- Beam over all: 2.85 m
- Weight: 1500 kg
- Max Speed: 50 knots
- Fuel Capacity: 300 litres
- Engines: up to 380 hp
