

One morning, I find a footprint[★] on the beach.
“Hurray!” I say. “I’m saved!”
But then, I see bones[★]. Human bones.
Cannibals! I think, horrified and disgusted.
And I run to my fortress.

The next day, I see the cannibals.
They have a prisoner.
This is horrible, I think.
I’m going to help this poor man!
I take my gun and kill all the cannibals.

The prisoner runs to me.

‘What’s your name?’ I ask.

He answers, but I don’t understand him.

“Today is Friday,” I say. “So I’m going to call you Friday.”

Friday has no clothes and he is hungry.

I give him food, a shirt and trousers. I teach him to speak English. Soon, he says: “Thank you, master.”

He helps me to hunt and to find food. I like him.

Soon, we’re friends.

I’ve got a companion, pets, food and a home, I think.

I’m the king★ on this island!
