

## POP-UP CHRISTMAS CARD

### You will need :

2 templates  
colouring pencils  
felt tips or pens

scissors  
glue

### **1) Take the sheet with the Christmas tree.**

Colour the tree with a pale colour, with colouring pencils.  
Draw and colour a trunk (= tronc) at the bottom of the tree.

### **2) Then take your felt tips and write the following words :**

on the 1<sup>st</sup> branch, write **JOY**  
on the 2<sup>nd</sup> branch, write **LOVE**  
on the 3<sup>rd</sup> branch, write **PEACE**  
on the 4<sup>th</sup> branch, write **FAMILY**  
on the 5<sup>th</sup> branch, write **HAPPINESS.**

### **3) You can now decorate the rest of the card**

Draw and colour baubles, tinsels, stars, angels...)

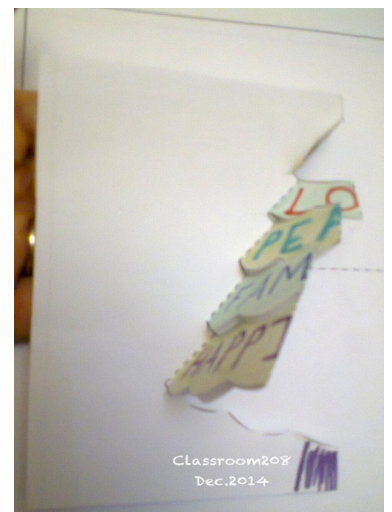

Decorate the background (you can draw present or simply colour the white part..)

### **4) Fold the sheet in two, mark the crease**

take your scissors and cut along the **black lines** only (but don't cut the dotted lines - - - - !!)

### **5) Fold the branches along the dotted lines** and mark the crease.

**6) Open your card and shape the Christmas tree.**

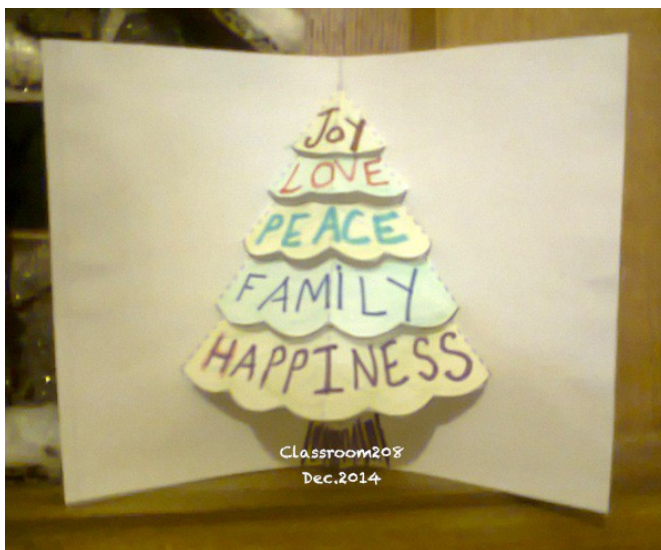

**7) The back of the card**

Take the 2<sup>nd</sup> sheet

Cut out along the black lines.

Glue this sheet on the back of the 1<sup>st</sup> sheet (don't put glue on the branches). You can decorate the back of the card, too.

Your card is ready !
