

# AH1 Vision of Human Body

Intervenients: Two teachers, Students of Arts

Date : may 2017

Place: School

Nr of students: 25

Skills targeted:

- Develop attitudes of rejection of any kind of prejudice by physical appearance

Aims and description:

Develop attitudes of rejection of any kind of sexist or social discrimination by physical appearance.

In this activity students watched a short movie "Ugly Ducking".

After the film they discussed the themes it addressed. Addressed the different types of discrimination and the role of each character. They saw after the same movie from another Director and compared and analyzed the role of each character and if the themes of discrimination were covered in the same way.

Then wrote a personal experience of discrimination for any reason and were read to all your request.

Finished with the debate on the various types of discrimination present

Results / Outcomes: Texts and debate
