

L.T.M. C19/C20 Long Term Mobilities Portugal (ESDS) - Romania (CML - SCM)

Nr of students: 3+3

Intervenients: School community

3 portuguese students was been January and february in a school of Romania (Stefan cel Mare) and in host families , and 3 romanian sutdents was been April and May in a school of Portugal (ES Domingos Sequeira)

Goals:

Allow students involved a European learning experience, develop your understanding of the diversity of European languages and cultures and help them acquire transversal competences needed for your personal development

During 2 months the romanian students attended the classes, performed works, carried out activities with students from their class and were integrated in the school community. Outside of school, with host families they have made cultural and social views by country and have learned what is cultural immersion. Presented their experience and participated in activities of "Body Project", carried out in school, of which the pictures are examples
