

1. True or False. Correct the false ones.

- a) We use formation techniques to build plastic in three different forms.
- b) Extrusion, lamination, vacuum forming and moulding are used to manufacture plastics.
- c) We can use powder, granules and resins to manufacture plastics.

2. Joining:

Inyection	Inject plastic	melted	Mould and outer mould	Nozzle
Wrapping	Hot cylinders		Produce sheets	Bathtubs
Thermostable	Textured		Heat the mould	Blow moulding
Thermoplastic	Dashboards		Egg boxes	Hollow container
Counterfoil	Extract air		Rotating screw	Compression
Pressurised air	Flasks		Matt	Glossy

LAMINATION	EXTRUSION	MOULDING	VACUUM FORMING

"REPASAR Y COMPRENDER EL MODO DE FUNCIONAMIENTO DE CADA TIPO DE TÉCNICA DE CONFORMADO DE PLÁSTICOS, ASÍ COMO LAS PIEZAS FABRICADAS"
