

CIVIC SERVICE – France

A volunteer is needed in the city of Grenoble and its suburbs, to work in two different organisations with similar missions.

Description of the organisations:

- Mission Locale of Saint Martin d’Hères (10 minutes from Grenoble): this organisation aims to help youngsters who are no longer studying to find a job, training, or giving them advice and information about orientation.
- Itinéraire International, located in the city centre of Grenoble: its main activity is to guide youngsters from 18 to 30 years old who want to work, volunteer or do an internship abroad.

Missions:

The missions in both organisations will be the following (they will be to discuss and define more precisely depending on the volunteer’s profile):

- Information and promotion:
 - using communication to make international mobility programs known by the youngsters;
 - going to meet youngsters to broadcast information about international mobility programs;
 - promoting the actions led by both organisations to give information to youngsters, such as meetings dedicated to international mobility programs.
- Testimonies:
 - By the volunteer himself: the aim of welcoming a European volunteer is also to have someone who is currently undertaking a project so he can talk about it with youngsters and make them realise it is possible for them too, through conversation workshops for instance;
 - Working on testimonies of youngsters coming back from their mobility project.
- Maintaining contacts with the local network:
 - setting up small events such as special days or weeks, devoted to international mobility;
 - keeping contact with the local Youth Centre to develop partnerships about international mobility.
