Guided visit of Castle of Cadillac

On the banks of the Garonne, this stately château demonstrates the omnipotence of the first Duke of Epernon, a favourite of Henri III. With construction beginning under Henri IV, the residence, which would one day receive Louis XIII, Anne of Austria, Richelieu and Louis XIV, is one of the earliest examples of architecture "à la française". Monumental fireplaces, painted ceilings and period tapestries frame rich décors, which also bear traces of a long period as a prison from the 19th century to 1950.
