dc : double crochet (US) Treble crochet (UK) : tuto vidéo
ch st : chain stitch: tuto vidéo
Sc : single crochet (US) or double crochet dc (UK) : tuto vidéo

Sizes :
8 inches large, 3 3/4 inches high
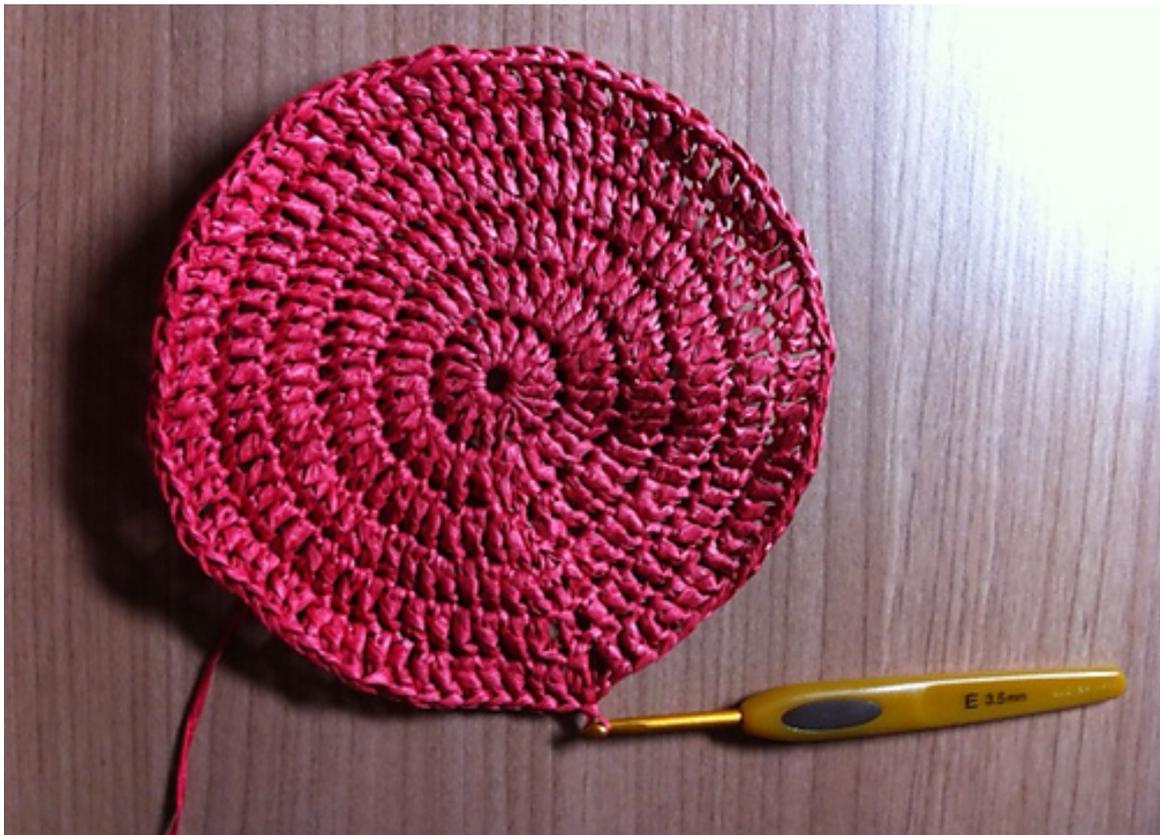

Pattern :

Note :
Caution, the first st of each row is a chain st of 3 sts but on pattern I just wrote dc for an easier reading

1/ The Base :
Begin with E crochet
Row 1 : make a magic ring. Make 16 dc into the ring. Total 16 sts
Row 2 : make 2 dc in each dc of the first row. Total 32sts

Row 3 : *1dc then 2dc in the next st*. Repeat from * to * 16 times. Close the ring with a ch st. Total = **48br**
Row 4 : *2dc then 2dc in the next st*. Repeat from * to * 16 times. Close the ring with a ch st. Total = **64br**
Row 5 : *1dc in each st *. Repeat from * to * to the end of row. Close the ring with a ch st. Total = **64 br**
Row 6 : *3dc then 2dc in next st*. Repeat from * to * 16 times. Close the ring with a ch st. Total = **80 br**
Row : *2dc then 2dc in next st, 2 dc*. Repeat from * to * 16 times. Close the ring with a ch st. Total = **96 br**
Row 8 : *1dc in each st *. Repeat from * to * to the end of row. Close the ring with a ch st. Total = **96 br**
Row 9 : *1dc, 2dc in next st, 1 dc *. Repeat from * to * 32 times. Close the ring with a ch st. Total = **128 br**

2/ The border :

Don't turn work. You will now make one dc row <u>with front loop only</u>. That will creat a pleat

Row 10 : *1dc in each st with front loop only*. Repeat to the end of row. Close the ring with a ch st. Total = **128 br**

For all next rows, crochet normally.
Row s11 to14 :
*1dc in each st *. Repeat from * to * to the end of row. Close the ring with a ch st.
Total = **128 br**
Row 15 :
Take the D crochet and make *1sc in each st *. Repeat from * to * to the end of row.
Close the ring with a ch st. Total = **128 br**

<u>Note :</u>
You can make a hiher border by adding dc all along the row
You can end with the smaller crochet to get the top less wide if you yarn is too smooth
If your yarn is rigid enough, you can keep the same E crochet

Weave in ends.   Systemeb.
