A vibrant tropical beach scene. In the foreground, a large palm tree trunk leans from the right side towards the center. The beach is composed of fine, golden sand, with long, dark shadows cast by the palm tree's fronds. The ocean is crystal clear, showing a gradient from light turquoise near the shore to a deeper blue further out. Gentle waves with white foam wash onto the beach. In the distance, a small, dark island is visible on the horizon under a bright blue sky filled with fluffy white clouds. A small boat is visible on the far left side of the horizon.

A computer monitor is shown from a front-facing perspective. The screen displays the Windows 10 desktop environment. The background is the standard Windows 10 blue wallpaper with light rays. On the left side, the Start menu is open, showing a grid of application tiles. The text "Je voudrais avoir un nouvel ordinateur" is overlaid in white, centered horizontally across the middle of the screen. The monitor has a silver bezel and a matching silver stand with a rectangular base. The ASUS logo is visible at the bottom center of the bezel.
