

1)

According to me, a way to ~~from~~ <sup>from</sup> thanks to  
For me Art is an escape to the reality and because of art my spirit  
is <sup>cleared</sup> empty so that's <sup>beneficial</sup> good for me.

I think all <sup>the</sup> people need art in ~~his~~ <sup>their</sup> life or need an escape and that's <sup>the</sup> a good way. ~~of doing so.~~

For me, Art is a way to express feelings and emotions. It is also a way to sometimes convey a message about tolerance, ecology, politics, ... With Art, you can express <sup>using</sup> what you think and feel, without <sup>any</sup> words. Thanks to <sup>your inner</sup> thoughts

I think art is <sup>useful to</sup> ~~for~~ create and feel something, like a <sup>emotion</sup> or a revalidation. For me everything is art, <sup>it does</sup> ~~that~~ not need to be pretty. The only thing we need to know is if we made something is Art! ?

In my opinion, art is a way to express our feelings, or what we think. Art <sup>reflects the</sup> is a part of freedom of speech, it can be used as a weapon if you want to fight against something. 😊

Art is a way to escape <sup>from</sup> reality and <sup>our</sup> its routine. It's also a tool to xpress yourself freely and to communicate your feelings and thoughts to the world.

Art for me, is when <sup>an</sup> person or a group expresses an idea, feelings, <sup>issue</sup> / problem ... <sup>There</sup> ~~it~~ must be an intention behind art, <sup>the</sup> For the person who makes art or for <sup>the</sup> others, who <sup>feel</sup> this art. Art can be not beautiful. <sup>Does not need to be aesthetic</sup>

As far as I am concerned,

For me, art ~~was~~ <sup>is</sup> a ~~part time~~ <sup>hobby</sup> at first. But, ~~many years have passed, and~~ <sup>after many years,</sup>  
~~now~~ it's something that makes me proud of. Indeed, people like my friends and family ~~like~~ <sup>appreciate</sup> my drawings and it is as if I ~~give them~~ <sup>was giving</sup> some fluffy, cute and dreamy gift ~~(in their life.)~~ <sup>bringing</sup>

To my mind,

To me, art represents the ~~different~~ <sup>different/various</sup> personalities that we ~~can meet on the world.~~ <sup>exist on earth</sup> Art makes us special and ~~show~~ <sup>reveals</sup> who we ~~are~~ <sup>really</sup>. It makes ~~the~~ life more ~~beautiful with colors~~ <sup>colorful</sup> like street art in the street.

According to me,

For me Art is the expression of our feelings.

Dance can be Art like Music and when we make Art ~~often~~ people are ~~more happy~~ <sup>happier</sup> or they have less dark ideas. <sup>more cheerful</sup>

For me, Art is not only a drawing, a sculpture --- but it's a process of creation. With Art, we can represent, <sup>or</sup> denounce something ---

With Art, we can express ~~himself~~ <sup>ourselves</sup>.
