

DÉFI 7 « DUPLO » - SUITE LOGIQUE

➤ Complète la suite logique suivante, à l'aide de la bonne brique.

A vertical sequence of LEGO bricks on a red baseplate. The sequence consists of: a red brick, a yellow brick, a yellow brick, a green brick, a yellow brick, a red brick, a yellow brick, a yellow brick, and a green brick. A white bracket on the right side groups the first five bricks (red, yellow, yellow, green, yellow) and is labeled "→ = 1 série". A large green arrow points to the green brick at the bottom of the sequence. Below the baseplate, several loose LEGO bricks are scattered: a blue brick, a yellow brick, a red brick, and a green brick. Labels with arrows point to the bricks in the sequence: "Rouge" points to the top red brick, "Jaune" points to the first yellow brick, "Jaune" points to the second yellow brick, "Vert" points to the green brick, and "Jaune" points to the third yellow brick.
