

Zippered pouch "Susie"

Small pouch with box-pleats

DESCRIPTION

The "Susie" pouch (size 18 x 14 cm or 7" x 5 1/2") is a pretty, zippered storage bag for cosmetics and other small things. This beginner's project is a great way to combine different fabrics.

VIDEO TUTORIAL

The corresponding step-by-step video sewing tutorial can be found here:

FABRIC REQUIREMENTS & SUPPLIES

You will need three to four different woven, non-elastic cotton fabrics (each 20 cm or 8") for the top piece, bottom outer fabric, box pleats, and lining. In addition you need a 20 cm / 8" long zipper (measured between zipper beginning and end) or alternatively an endless zipper cut to 22 cm or 8 3/4". To decorate your pouch you can add lace and other embellishments.

SEAM ALLOWANCE & SEWING LEVEL

All pattern pieces already include a seam allowance of 1 cm or 3/8".

SPECIAL SEWING CONSIDERATIONS

If you wish a bit more stiffness in your bag, you can use a fusible fleece (e. g. Pellon #987F) but it is not necessary if you use a thicker fabric since the box pleats and sewn corners add volume.

You have to be very exact with the seam allowance when sewing the box pleats. If you deviate e.g. by 2 mm ($\frac{1}{8}$ ") per seam, the pattern piece will become almost 2,4 cm (1") longer.

COPYRIGHT/INDUSTRIAL USE

The pattern is copyrighted and protected. Further sale is not allowed. If you would like to commercially sell a sewn bag, you can apply for an extended license for **9,99 €**.
