Hello Spring

Paper Pieced Pattern

by Charise Creates

10" finished/ 10 1/2" unfinished

Notes on Paper Piecing

Pattern does not include seam allowance.

Set printer to page scaling ~ none.

Make sure your test square is 1".

Completing the Block

To complete the 10" block,

Cut E & F -

3 1/4" x 10 1/2".

Cut G -

1/2" x 10 1/2".

These measurements

include seam allowance.

Fabric Cutting:

My preferred method is to print out the template on to freezer paper. Cut out each piece on the lines. Keep pieces separated by letter unit. Iron the individual pattern pieces to the right side of fabric. Add at least a 1/4" seam allowance to each piece. I find this works best for fussy cutting since you can iron the pattern piece exactly where you want it on the fabric.

Foundation Piecing:

Print out a template on to light weight paper or vellum. Cut out the sections by letter number. Sew together by unit.
