

Instructions for pieced ornaments

1. Stitch the first placement stitching and place your fabric.
Put your piece of fabric down over your placement stitching and sew your tack down stitch.

2. Place your second piece of fabric right side down on left side of the first piece. A seam will sew the second piece into place. Turn the second piece along the seam line and then the machine will sew the second piece down. Trim.

3. Continue with each consecutive piece until the inside of your tree is complete.
