## **SAVE THE DATE**

The 1st International Conference on Biodynamic Research

### **Evolving Agriculture and Food - Perspectives in Biodynamic Research**

will take place in Dornach, Switzerland

**September 5<sup>th</sup> to 8<sup>th</sup> 2018**

This new biannual conference will gather academics, scholars, PhD students, graduate students, farmer-researchers and action researchers from around the world to discuss the latest and most pressing issues in biodynamic agriculture, moreover discussing related fields such as agroecology and food and nutrition, dedicating significant attention also to new and alternative researching methods.

The partners of the organizer, the Section for Agriculture at the Goetheanum, are: The Faculty of Organic Agricultural Sciences of the University of Kassel, the Research Institute of Organic Agriculture (FiBL) and Forschungsring (Research in Biodynamic Agriculture, Darmstadt, Germany).

Confirmed keynote speaker: **Prof. Dr. Miguel Altieri**, University of Berkeley

Programme committee:

Dr. Christopher Brock (Forschungsring, Germany)

Dr. Petra Derksen (Demeter International, Netherlands)

Dr. Jürgen Fritz (University of Kassel, Germany)

Dr. Anet Spengler (FiBL, Switzerland)

Organising committee:

Ueli Hurter, Jean-Michel Florin, Verena Wahl, Johannes Onneken

**The call for papers opens in December: [www.sektion-landwirtschaft.org](http://www.sektion-landwirtschaft.org)**
