Body Ecology and Emersive Leisure

Edited by **Bernard Andrieu, Jim Parry, Alessandro Porrovecchio** and **Olivier Sirost**

Series: Ethics and Sport

The emerging field of body ecology offers fresh insights into how the body engages with its surrounding environment through consciousness, perception, knowledge and emotion. In this groundbreaking collection, leading scholars of sport, leisure and philosophy draw on research on topics as diverse as surfing, freediving, slacklining, parkour, bodybuilding, dance and circus arts to flesh out the concept of body ecology and its potential for helping us understand our connection with the world around us. Shedding new light on the possibilities of physical cultural studies, it is fascinating reading for all students and scholars with an interest in sport, leisure, philosophy and the body.
