INTRODUCTION

BMX Club Circuit Zolder and Circuit Zolder are honored to welcome you for the 8th time in our club history at the UEC BMX European Championship.

The club, established in 2008, lies in the center of the super-competitive race area of Circuit Zolder. The 4-kilometre long track was built in 1963 and celebrated its 50th anniversary in 2013. Since this date, a wide variety of cars, motorbikes and trucks have raced on the track, from Formula 1 to FIA GT1. And all of this in our BMX Club's own backyard.

Lots of cycling events have also taken place on the Circuit Zolder site, such as the UCI Road World Championships in 2002 and the UCI Cyclocross World Championships in the same year. In 2016, Wout Van Aert became world champion cyclocross right here at Circuit Zolder. Did you know that the first competition to ever gold place on the circuit was actually a cycling race? And the BMX Club has been part of this story since 2008. Since then, the club has become the biggest in Belgium, with 170 race license holders. Moreover, the Lotto BMX-track is the permanent training facility for the national BMX-team! We also organized the UCI BMX World Championships in 2015 and in 2019.

We have a MyLaps timing system installed on our track. A state of the art system that, together with your transponder, gives you a perfect timing on our track. Divided over 9 loops and with a sensor in the startgate you know exactly how you performed on our track. A brand new lighting system and a roof over the 8m start gate provide some extra comfort for all riders too.

So who will be the fastest this year on our Lotto BMX-track?

About Heusden-Zolder

HEUSDEN-ZOLDER is a small town in the province of Limburg, most known for its coal mining history and the famous car race track Circuit Zolder. Today it offers plenty of opportunities for walking, cycling and visiting restored historical buildings of the mines.

Tourist info can be found on: <http://toerisme.heusden-zolder.be>

The UCI Bike City label supports and reward cities and regions who not only host major UCI cycling events but also invest in developing community cycling and related infrastructure.

During the 2017 UCI Road World Championships in Bergen, the city of Heusden – Zolder has been awarded the UCI Bike City status, thanks to our commitment to grow and promote everyday cycling, as well as hosting UCI major cycling events. Together with the other Bike Cities, we are trying to find new ways to boost cycling in everyday life.

The province of Limburg is often referred to as the green province of Flanders. Its cycling network became one of its biggest tourist attractions and is now copied in the rest of Flanders and even abroad. Southern Limburg is one of rolling hills, with Haspengouw renowned for its castles, square farms, small villages, sunken lanes and fruit tree orchards.

In Hasselt you'll find many high-quality restaurants, which is no coincidence: the capital of Limburg proudly calls itself the city of taste. Limburg is promoting cycling in the region with new projects like "Biking through the water" en "Biking through the trees".

Track facts

Since the organization of the UCI BMX World Championships 2015 here at Circuit Zolder, we are now equipped with a beautiful track, built by Pro Tracks. Unique, because the track was built by one of your own, an ex-BMX Pro-rider, Thomas Hamon. Right after his career in professional BMX ended, he started passing on his passion for the BMX-sport to others. "Each BMX club, big or small needs to have a reliable, defiant BMX-track, which enables riders to learn a lot", is the main vision of the former professional French BMX rider.

In addition to the track, an 8m start ramp, compliant with UCI regulations, has also been built in co- operation with Mathieu Gijbels. The 5m start ramp with Pro-Gate starting gate, is ready at your disposal.

In October 2018, we created a new 1st and 2nd line and a new 2nd corner. Because of our UCI BMX World Championships in July 2019, we wanted to have a track that can compete with the best in the world. The track has become more technical and is designed to be challenging for all riders.

ACCREDITATION INFORMATION

Registration & Accreditation

Each federation which registers riders must appoint a Chef d'Equipe (National Team Manager Challenge) to represent the interests of all of its riders. Each Chef d'Equipe must confirm the presence of each rider as per the pre-registration riders list, on the scheduled day and times of registration.

Accreditation system

Before an event the national federation **must** register their Chef d'Equipe, assistants, National Team Manager Championships, medical staff, mechanic, etc in the UEC online registration system. This is also applicable for any other official (National) Coaches of championship riders or NF Official Delegates. At the European Championships no passes for UEC Registered teams are available.

The registration will be checked at the event. **Without registration in the online accreditation system no passes will be handed out.**

- The deadline for online registration of all staff members by federations is fixed on **Monday 21 June 2021 (23:59 CET)**.

Team managers and assistants need to present a license from the federations at Registration. UEC will check the license and then they will be given the accreditation. Without a federation license UEC will not give out accreditation passes.

A Chef d'Equipe and/or his assistants are accredited by the organiser with the right to enter a restricted zone in order to perform his duties. Such accreditation may be revoked for any breach of the UCI/UEC Regulations or noncompliance with the instructions of the organisation or the Commissaires' panel.

The organizer will provide ID cards / passes to (max):

- ▶ 1 pass **Chef d'Equipe** (Head of country delegation) – Access to finish line
- ▶ 1 pass per country for **National Coach** (Championship cat.)
- ▶ 1 pass for a UCI Registered Team

The maximum number of accreditation is based on the number of attending riders (riders not entries):
