 PROJET N° / PROJECT N° : 2014-1-FR01-KA201-002432_1

Erasmus+

TRANSNATIONAL PROJECT MEETING

at Heathfield School, England from April 20th to April 26th 2015.

Activity N°4: (Optional) No date was given.

The pupils in groups will choose a different region from their own (but in their country) which is famous with its typical traditional houses and make a model or a computer model of the houses. SketchUp can be used. Silvia will give help if it is needed.

Visit to Turkey : 5 days in Kandıra from Monday October 5th till Friday October 9th.
 Travelling will take place on Oct 4th and October 10th.

We mentioned doing a virtual lesson with FlashMeeting or another platform : John said he would look more closely at it to see if something was possible in this part or in Part 3.

As far as the Twinspace is concerned, I managed to show how to register our students on it so that we could organise little forums where students would write their opinion about different questions. We said it would be an activity we could do just before the summer holidays for instance or at a moment when we are less busy.

Finally, we checked the dates for the visit to Greece with Katia and John, as Maria Jose and the Spanish students will not take part in the visit to Turkey.

So the visit to Greece is planned from April 18th till April 24th 2016.

Report written by Sophie DENIZOU (Coordinator of the Erasmus+ project Home Sweet Home)
