

## St-Guérolé Shawl

Silk and Wool - July 2012

<http://www.helenespat.com/>

This model is easy to knit, with simple construction.

### Stitch Abbreviations:

K - Knit

P - Purl

YO - Yarn over

K2tog - Knit 2 together

Make1 - lifted increase

Kfb - Knit into the front and back of a stitch

### Why is the pattern called “St-Guenole”?

*Because it has been knitted especially on a bench facing the sea to St-Guenole, a fishing port of Brittany. Not forgetting, of course, the cry of the gulls ... perhaps also because it has a “fishing net “ aspect.*

### Materials:

Yarn: BC Garn Lino in natural color (300m/ 100g per ball, need 1.5 balls) - This is fingering weight yarn.

Needles: 4.5mm, US size 7

(3 balls of Kidopale de Fonty is another yarn recommendation)

- Original pattern by Hélène2.3 Soie et laine and can be found here:  
• <http://www.ravelry.com/patterns/library/shawl-genver>. English translation  
• attempt by Sarah (aka purly-penguin on Ravelry)
- Note from Purly-Penguin: My French skills are non-existent. I found a  
• reference guide of knitting terms in several languages and used that to  
• muddle my way through this pattern. While the math appears to work through  
• this pattern, it has not been tested. If anyone finds items that need to be  
• changed, please let me know through Ravelry messages.

Row 136: IN CROCHET: Chain 1 along edge, \*chain 3 in the air, chain 1 along the edge by jumping a stitch\*  
*(note from Purly-Penguin, I'm not very good at crocheted edges, but I think the increase in row 135 will lend it self well to casting off in a regular knitting way. Otherwise, this crochet row is the last row)*
