Description

Mid season. Indeterminate plant with regular leaf foliage. A beautiful old Bulgarian heirloom tomato. I have got this seeds from one old Bulgarian woman. Very vigorous and productive. Produced big sized red color beefsteak type tomatoes, slightly ribbed on the shoulders. Tomato fruits weight 500-800 gr, some can be more than 1 kg. They are very meaty and juicy, with a good rich old-fashioned flavor.

Red tomatoes: ACHE Tomato
