

# High Performance Team Coaching

## a Breakthrough

ECI's breakthrough program, High Performance Team Coaching will help your leaders take the leap from manager to coach for innovative and consistent results.

## Align and Motivate Teams to Achieve Set Goals

Incorporating value-based coaching techniques, this program helps align and motivate teams to achieve set goals. High Performance Team Coaching has helped in-house coaches, freelance corporate coaches and team leaders throughout the world apply our specific value-based tools to enhance creativity and strategic thinking. This course examines and defines the structure and principles of innovation within the team dynamic resulting in clear, consistent, and measurable outcomes. You will also learn how to encourage team members to shift out of their competitiveness to truly acknowledge, trust and stand for each other. You will be surprised what a difference 24hrs can make to a team's efficiency, relationship and performance!
