## How to use GlitterFlex

### Introduction:

- Designs and Instructions Designed by Hatched in Africa
- You do not have permission to copy, share or sell these designs and instructions or parts thereof.

Thank you to Bonnie from [www.sewinspiredbybonnie.com](http://www.sewinspiredbybonnie.com) for guidance with these instructions

### ADDED INSTRUCTIONS

- We used "Fusible GlitterFlex Ultra" for these instructions.
- Where to get GlitterFlex:  
**USA:** <http://www.sewinspiredbybonnie.com/supplies.html>  
**South Africa:** From us at Hatched in Africa - 013 282 8528
- Wash inside out, wash cool, tumble dry.
- Not recommended for use on Nylon, Dazzle cloth, Shiny Polyester or Moisture-Wicking materials.
- "Holo Pink" and "Holo Orange" are translucent and will take on the color of the garment.

### YOU WILL NEED

- Embroidery machine, Hoop and Thread
- Iron
- Embroidery or Appliqué Scissor
- Fusible GlitterFlex Ultra

### EMBROIDERY INSTRUCTIONS

1. **Prepare the GlitterFlex:**
  - Tip: To have the correct GlitterFlex size we print a template of our design in our embroidery software. We then cut the GlitterFlex to the correct size we need. It must be slightly bigger than the placement area.
  - Peel Back the clear plastic sheet on the top and throw away.
  - IF the Glitterflex has a bottom layer you must peel that off too.
2. Hoop your fabric or garment.
3. Stitch the design. Stitch the "Appliqué Position"
  - \* "APPLIQUE POSITION" a straight stitch to indicate where to place your fabric for the appliqué.
4. Place the piece of GlitterFlex over the indicated area.

5. Stitch the "Appliqué Material"

\* "APPLIQUE MATERIAL" then sews the GlitterFlex down with a straight stitch.

6. Cut the excess GlitterFlex off without removing the fabric from the hoop.

7. Place the hoop on an ironing surface. Place a pressing sheet or paper over the GlitterFlex. Now use your HOT and DRY iron point or a small iron at its highest setting to fuse the GlitterFlex to the fabric. Press for about 15 - 20 seconds. This is to avoid slippage or bubbles.

8. Place the hoop back in the embroidery machine. Continue with the embroidery of the design.

**Design used in our sample is "Tribal Cat - Felix" - Only available at Hatched in Africa from December 2014**

**A Note About File Sharing**

Just like you buy a song from iTunes for your personal use, you've purchased 1 copy of this digital product from Hatched in Africa for your personal use.

You do not have our permission to share it, resell it, or give it to someone else in any form. Selling these embroidery machine files, or parts thereof, or giving it to someone else, is wrong and violates our copyright.
